**DECLARATION AND VERIFICATION OF REPORT
FINAL YEAR RESEARCH PROJECT**

It is hereby declared and verified that this research report entitled:
THE FEATURES OF ACCOMMODATION, RECREATIONAL FACILITIES AND
FOOD ON BOARD MALYSIAN NEAR COASTAL TANKER AND ITS IMPACT TO
SEAFARER'S WELL-BEING by Mohammad Syafiq bin Samsudin, Matric No. UK
14878, have been examined and all errors identified have been corrected.
This report is submitted to the Department of Nautical Science and Maritime
Transportation as partial fulfillment towards obtaining the Degree of Bachelor
of Science Nautical Science and Maritime Transportation, Faculty of Maritime
Studies and Marine Science, Universiti Malaysia Terengganu.

ACKNOWLEDGEMENT

First and foremost, I thank God Almighty for the love and strength for me to overcome the hurdles and predicament in life and made me what I am today.

To my final year project supervisor Capt. Mohd Naim Fadzil, from the bottom of my heart, thank you for your encouragement, guidance, critics and concerns. You have inspired me in many ways. You made me realize that everything is possible. And to all lecturers of Nautical Science and Maritime Transportation Department, thank you for being a teacher, a father and brother to me.

Next, to my Father and Mother and my sisters whose prayers always afforded me the power to accomplish this paper. To my friends, thank you for a beautiful friendship and your willingness to assist me to accomplish this paper. It was a bittersweet experience and I hope it will last forever.

Last but not least, to every one who participate and contribute directly or indirectly in completing this study. Thank you.

Abstract

This report is to study the Features of Accommodation, Facilities and Food onboard Malaysian Near Coastal Tanker Ship to the Seafarer's Well-being. The objectives is to study the features of design of accommodation, recreational facilities provided and quality and quantity of food preparedness that may have an impact to the well-being of seafarers in Malaysian near coastal trading tanker. The questionnaires are used to collect field data and analysed using the Spreadsheet Google Document Software. From the analysis, the founding is the provision of welfare and the quality of foods and catering on board Malaysian near coastal tanker is still at below the average level. It is need more enhancing and developing measures on condition of welfare standard on board by all parties in Malaysian shipping industry toward to arrive at the state of readiness for ratification the Maritime Labour Convention to promoting a better lifestyle on board among seafarers.

**CIRI-CIRI REKA BENTUK, KEMUDAHAN REKREASI DAN MAKANAN
DI KAPAL TANGKI PESISIR PANTAI MALAYSIA DAN KESANNYA
KEPADA KESEJAHTERAAN PELAUT**

ABSTRAK

Laporan Kajian ini adalah bertujuan untuk mengkaji ciri-ciri tempat tinggal, kemudahan dan makanan yang disediakan di atas kapal tangki pesisir pantai Malaysia kepada kesejahteraan pelaut. Objektif kajian ini adalah untuk mengkaji ciri-ciri rekabentuk tempat tinggal, kemudahan rekreasi dan kualiti, kuantiti makanan yang disediakan yang mungkin memberikan impak kepada kesejahteraan dan kesejahteraan pelaut di kapal tangki near coastal Malaysia. Kaedah soal selidik digunakan bagi mendapatkan data lapangan dan dianalisa dengan menggunakan Spreadsheet Google Document Software. Daripada analisa yang dibuat, didapati bahawa penyediaan kemudahan penyediaan dan kualiti makanan dan catering di kapal tangki near coastal Malaysia masih lagi di bawah tahap yang sederhana. Ia memerlukan langkah-langkah penambahbaikan dan peningkatan oleh semua pihak keatas tahap kebajikan di atas kapal agar industri perkapalan Malaysia lebih bersedia kearah penyertaan dan pengesahannya kepada Maritime Labour Convention untuk gaya hidup yang lebih sempurna di kalangan pelaut.
