ABSTRACT

This study investigates how tourism development gives impacts to the residents of community in Duyong Island. The positives and negatives impacts of tourism development were discussed on aspect of economic, social and environment. One survey has been carried out on the residents 'perception' about the impact of tourism development in these aspects at their place. Then, suggestion for improvement was given included law and legal aspect in order to achieve Sustainable Tourism Development in Duyong Island.

ABSTRAK

Kajian ini mengkaji bagaimana pembangunan pelancongan memberi impak kepada penduduk masyarakat di Pulau Duyong. Impak positif dan negatif daripada pembangunan pelancongan telah dibincangkan dari segi aspek ekonomi, sosial dan alam sekitar. Satu kajiselidik telah dijalankan terhadap 'persepsi' penduduk tentang kesan pembangunan pelancongan dalam aspek-aspek ini di tempat mereka. Kemudian, cadangan untuk penambahbaikan telah diberikan dengan menitikberatkan aspek undang-undang untuk mencapai Pembangunan Pelancongan Lestari di Pulau Duyong.
